QUICKMARK

Orange

MARKING PAINT

State QuickMark marking paint is available in brilliant fluorescent orange making even long range identification easy. QuickMark's water-based formulation is ideal for temporary marking of utility and service lines. QuickMark can be used on all ground surfaces. QuickMark has a high solids content for maximum coverage and fast drying time. The upside down spray cap allows for smooth coverage and use with bulky work gloves.

QuickMark marking paint is ideal for:

- Traffic marking
- Utility line tracing
- Road marking
- Survey marking
- Construction and excavation marking
- Communication line marking

QuickMark paint works on all ground surfaces including grass.

DIRECTIONS FOR USE:

Use on clean, well swept floor/ground areas.

For best results use when can is between 15°C (40°F) and 32°C (90°F).

1. Shake can vigorously for one minute after mixing ball rattles. Shake occasionally during use.
2. To spray, hold can 4 to 6 inches above surface. Invert can and point spray button at ground or floor. To apply, press button on the side to activate the spray, release to stop. Use a steady, even stroke.
3. No clean-up required. For partly used cans, hold can upright pointed away from self, and press spray head to the side briefly to clear valve and prevent clogging before storing.

TECHNICAL DATA

SPRAY PATTERN (@5"): 1 to 1.5" Wide Bend

AIR DRY TIME (Humidity @ 50%, Temperature @ 25C)

SET TO TOUCH: 10 to 20 MIN.

TACK FREE: 20 to 30 MIN.

HARD DRY: < 24 hr

COVERAGE (@ FULL HIDING, @25C): 5 to 20ft²/480g

RECOATABILITY (@25C): within 1 hour
